The SBIR Road Tour is a national outreach effort to convey the non-dilutive technology funding opportunity provided through the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs. Federal and State Program Managers representing \$2.5 billion in early stage funding have been invited to present at a series of events to technology entrepreneurs and innovation supporters from across the United States. This event is a coveted opportunity for those involved in the advanced technology communities, including women-owned and minority-owned firms.

If you're an innovator, entrepreneur, researcher, or small technology firm, take advantage of this coveted local opportunity to hear directly from federal agency program managers, and meet one-on-one with program decision makers.

#### COORDINATING AGENCY

U.S. Small Business Administration
