

Grant Proposal Assistance Preferred Provider Listing

Last Updated 2/16/23

Preferred Providers are specialized federal grant writing, proposal editing and assistance professionals who have agreed to provide their services to the Innovation Partnership clients who have been awarded a [MicroGrant](#), [MicroVoucher](#) (Phase I assistance), or Federal Marketing Assistance (FMA Program - Phase II assistance) funding.

These professionals should be contacted by IPart clients as early as possible, prior to a federal solicitation deadline in order to secure services. All terms and conditions for securing proposal assistance from the providers are negotiated directly between the client and the Preferred Provider. See the [MicroVoucher Program Guidelines](#) for specifics about working with a Preferred Provider.

Please click on the Provider name to go directly to their annotated listing. More detailed information on each Provider is available either directly from their website or by direct contact.

Rudolph Biomedical Consulting

NAME/CONTACT INFO.	DESCRIPTION
<p>Natalie S. Rudolph, Ph.D. 144 Mile Hill Road Boylston, MA 01505 Phone: (508) 869-2235 Fax: (508) 869-2728 Email: natalie@rudolphbiomed.com Web: www.rudolphbiomed.com</p>	<ul style="list-style-type: none"> ■ Rudolph Biomedical Consulting works with client organizations to: identify potential non-dilutive funding sources; design research projects and write grant proposals to fund them. Over the last 14 years, these applications have turned more than \$23m in federal and foundation R&D grants – quite a track record! ■ Dr. Rudolph has over 20 years' experience in the biomedical industry, providing her with a broad perspective on bridging "cultural" differences between the worlds of academic and corporate science. ■ Dr. Rudolph has experience with both the SBIR & STTR programs, NIH basic research grants, Department of Defense (DOD) white papers, large multi-institutional collaborative grants and contracts, and philanthropic foundation grants. ■ Dr. Rudolph's client services include planning, writing, and editing the technical plans and supporting documentation, including budgets and assisting to organize and manage the SBIR/STTR application process.

SBIR Resource Center

NAME/CONTACT INFO.	DESCRIPTION
<p>John Davis SBIR Resource Center A division of JADE Research Corporation 5 Linda Lane Severna Park, MD 21146-3234 Phone: (410) 315-8101 Fax: (410) 315-9560 Email: SBIR@win-sbir.com Web: http://sbir.us</p>	<ul style="list-style-type: none"> ■ SBIR Resource Center receives, studies, and builds proposals for, every SBIR/STTR procurement package from every agency each year since 1993. Center associates have combined over 300 man-years of successful R&D, technical project management and federal proposal experience; and they stay up-to-date through active membership in the Association of Proposal Management Professionals (the only organization for proposal professionals in the world). ■ The states of MD, VA and others have contracted with them directly to provide SBIR/STTR products, training, and direct consulting services to qualified firms (paid for or underwritten by the state). A number of states & economic development organizations have purchased, and are successfully employing, libraries of these products to provide locally-sustainable, professional-grade outreach support for their small business clients. They have been approved as preferred "SBIR/STTR Service Providers" (products and services may be state funded) by the states of Kansas, Louisiana, Maryland, Virginia and Pennsylvania. ■ The Center creates special, low-cost software proposal tools [SBIR-ToolKit(TM)], electronic forms [SBIR-Forms(TM)] and detailed guidance [SBIR-Advisor(TM)] products customized to match each and every one of the SBIR & STTR solicitations every year -- this makes them the ONLY providers in the entire nation working at this detailed level of expertise for ALL SBIR agencies. Other service offerings may be viewed on the Center's website.

Together they have over 70 years of expertise in managing scientific projects and products in academia, pharmaceutical companies and start-ups. Services include: 1) assistance with product development planning and grants-based seed funding; 2) operations management for virtual companies; and 3) scientific due diligence. ■ Since its inception SciGro has assisted a wide variety of companies in applying for SBIRs at the Department of Agriculture, the Department of Defense, the National Science Foundation, and the National Institutes of Health. SciGro is especially well positioned to help with preparation and/or pre-review of any and all portions of SBIRs or STTRs directed to the NIH because over the past 20 years Betsy has served on or chaired a variety of NIH committees reviewing BRPs, P01s, P41s, R01s, R21s, R41s and R42s (STTRs), R43s and R44s (SBIRs), and S10s.

TekMark Growth Partners Ltd.

NAME/CONTACT INFO.	DESCRIPTION		
<p>TekMark Growth Partners Ltd. David A Klein 105 Chadbourne Drive Hudson, OH 44236 Phone: (330) 285-3446 Email: davidk@tekmarkgp.com Web: https://www.tekmarkgp.com/services/sbir-technology-commercialization/</p>	<p>TekMark Growth Partners is a leading SBIR/STTR support, TABA (Technical and Business Assistance), technology commercialization and strategic market development firm. Established in 2002, we have extensive experience supporting SBIR firms across most government agencies including NASA, NSF, DOD, DARPA, DOE, & NIH among others.</p> <p>Some of our SBIR successful programs are documented on our Testimonials page on our website, including the successful development and commercialization of specialized electronic/optical components that were used on the FORCAST instrument for NASA's SOFIA program and featured in NASA's Spinoff publication that highlights successful technology commercialization funded by SBIR grants. We focus on technologies, products, applications, and funding/growth opportunities in the following industries:</p> <table style="width: 100%; border: none;"> <tr> <td style="vertical-align: top;"> <ul style="list-style-type: none"> ■ Optics & Photonics ■ Aerospace & Defense ■ Electronics & Semiconductors ■ Sensors, T&M and IIoT ■ Industrial Mfg & Processes </td> <td style="vertical-align: top;"> <ul style="list-style-type: none"> ■ Medical Devices & Instruments ■ Advanced Materials ■ Scientific Instruments ■ Automation & Robotics ■ Many Others </td> </tr> </table>	<ul style="list-style-type: none"> ■ Optics & Photonics ■ Aerospace & Defense ■ Electronics & Semiconductors ■ Sensors, T&M and IIoT ■ Industrial Mfg & Processes 	<ul style="list-style-type: none"> ■ Medical Devices & Instruments ■ Advanced Materials ■ Scientific Instruments ■ Automation & Robotics ■ Many Others
