

# SBIR/STTR Registration Requirements GUIDE – (as of 3/1/23)

This information is **IMPORTANT**, especially if you are new to the SBIR/STTR Programs as well as if you have applied for funding through these programs previously. Getting your business and submitting/approving entities **REGISTERED** on all of the appropriate federal government systems is **imperative** prior to attempting to submit your final proposal for consideration. It is advised that businesses allow from **four to six weeks to complete the registration process**. As with most advice about the SBIR/STTR programs, not all agencies have the same registration requirements - Check the agency's requirements where you plan to submit - and **START EARLY!**

Below, is a grid (current as of 3/1/23) with information for each agency and their registration requirements. **This is a GUIDE – Please READ ALL AGENCY SOLICITATION REQUIREMENTS.** Click on the Hyper-links to direct you to pages to learn more about specific registration requirements.
